

Bar graphs — Each step = 2

Name: _____

Date: _____

Read each bar graph and answer the question.

Stickers in each packet

Each step on the scale is 2.

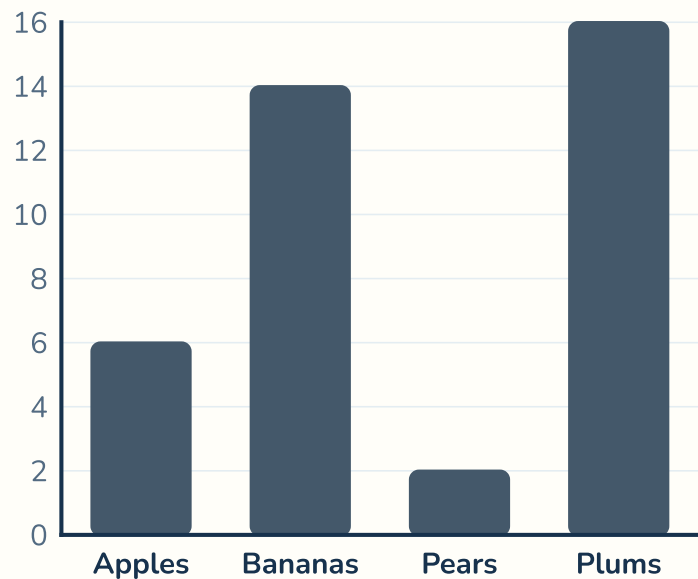

① How many more moons than stars?

8

② How many more stars and moons than hearts?

③ How many altogether?

Fruit sold at the shop

Each step on the scale is 2.

④ How many altogether?

⑤ How many fewer pears than bananas?

⑥ Which has the fewest?

Bar graphs · Each step = 2 — Answer key

1. Moons is $10 - 2 = 8$ more
than Stars

2. $2 + 10 = 12$, $12 - 6 = 6$

3. $2 + 6 + 10 + 16 = 34$

4. $6 + 14 + 2 + 16 = 38$

5. Pears is $14 - 2 = 12$
fewer than Bananas

6. Pears (2)
