

Single-unit scale

Name: _____

Date: _____

Read each tally chart and answer the question.

Shells found on the beach

Monday	
Tuesday	
Wednesday	
Thursday	
Friday	

Lunches chosen today

Pasta	
Salad	
Pizza	
Soup	
Curry	

1 How many fewer on Monday than on Tuesday?

2 Which has the fewest?

3 How many altogether?

4 Which has the most?

5 How many more chose pasta and pizza than chose salad?

6 How many chose pasta?

Answer key

1. Monday is $7 - 5 = 2$
fewer than Tuesday

2. Wednesday (1)

3. $5 + 7 + 1 + 6 + 8 = 27$

4. Curry (7)

5. $4 + 6 = 10$, $10 - 3 = 7$

6. Pasta — 4 children
