

Adding

Name: _____

Date: _____

Read each problem. Write the answer.

- 1 Hedgehog picked 8 chestnuts near the hollow log, then picked 5 more.
How many chestnuts does Hedgehog have now? ____

- 2 Mole found 9 acorns near the old oak tree, then found 6 more.
How many acorns does Mole have now? ____

- 3 Owl is carrying 12 mushrooms and Fox is carrying 3 mushrooms.
How many mushrooms do they have altogether? ____

- 4 Mole picked 17 mushrooms near the old oak tree, then picked 10 more.
How many mushrooms does Mole have now? ____

Answer key

1. $8 + 5 = 13$ chestnuts

2. $9 + 6 = 15$ acorns

3. $12 + 3 = 15$ mushrooms

4. $17 + 10 = 27$ mushrooms
