

Dividing

Name: _____

Date: _____

Read each problem. Write the answer.

- 1 Elena packed 45 folders into crates of 9.
How many crates did Elena fill? ____

- 2 Noah packed 36 notebooks into boxes of 9. Noah also had 31 minutes before the bell.
How many boxes did Noah fill? ____

- 3 Jordan packed 8 notebooks into crates of 4.
How many crates did Jordan fill? ____

- 4 Elena shared 30 notebooks equally between 6 shelves.
How many notebooks went in each shelf? ____

Answer key

1. $45 \div 9 = 5$ crates

2. $36 \div 9 = 4$ boxes

3. $8 \div 4 = 2$ crates

4. $30 \div 6 = 5$ notebooks
